Also, Human Angel Services (HAS) wanted to extend our deepest gratitude to the hundreds of subscribers from 10 different countries that have joined the the global mercy movement building steam on-line.

Humbling to watch all the Human Angels claiming your personal sovereignty in service of others.

Know we're launching more website features on October 1st when we officially launch.

But to those subscribers who committed early to HAS--know there will be a special unpublished benefit forthcoming to show our appreciation.

We will remember everyone who believed in HAS before we were the leading humanitarian project funding and compliance entity in the world.

Without each of you stepping forward on faith, none of this happens. Zip.

We aspire to do you all proud.

Thank you.

God is with us
